Alberta Pension Plan Is Ruled Ultra Vires By Privy Council

LONDON—Alberta's pension plan for unemployed residents of the province today was ruled ultra vires of the provincial legislature by the Privy Council. The bill, passed through the pre-dominantly Social Credit legislature, was ruled ultra vires of the provincial legislature's competence by the Supreme Court of Alberta last fall.

Today's judgment, handed down by the law lords after a three-day hearing last month on Section Two of the bill, found that this section was ultra vires. This section permitted the provincial government to control credit in the province.

MORE STRAWBERRY JAM SOON

OTTAWA—The Department of Agriculture announced today there would be a good variety of canned fruits and vegetables on the grocers' shelves this winter. It forecasted much more strawberry jam.

ENTHRONE QUEBEC ARCHBISHOP

QUEBEC—Thousands of high-ranking dignitaries are here to watch the enthronement today of Msgr. Maurice Roy as the Roman Catholic Archbishop of Quebec.

TORNADO 15 MILES FROM WINNIPEG

WINNIPEG—The weather bureau reported last night it had observed a tornado which appeared to be centred about 15 miles west of Stevenson Field, Winnipeg Airport, on the west side of the city. It was reported to have lasted 15 minutes. There were no reports of damage from the area which is thinly populated.

ACTION OUTSIDE U.N. HINTED

LAKE SUCCESS, N.Y.—Certain United Nations delegates expressed belief today that a future world organization might hinge on the outcome of the showdown fight between the United States and Russia over the Balkans. Authoritative sources said that if Russia vetoes the United States proposal to set up an international watch over the Balkan borders, Britain and the United States and other countries might feel forced to take action outside the United Nations.

DEFEAT LORDS' CHANGES TO BILL

LONDON—Commons ended a near-record all night session at 10.50 a.m. (London time) in which, during the 20 hours, the session saw a heavy labor majority defeat the 43 House of Lords' amendments to the \$4 billion transport nationalization bill. Longer than any session of this parliament except the 21-hour, 17 minutes debate on the national service bill last May, the marathon virtually put the finishing touches to the measure bringing the railway and long distance motor transport under public ownership.

U.S.-MOSCOW GAP WIDENS

WASHINGTON—A new split between the United States and Russia, this time over drafting of the Japanese Peace treaty, threatens today to destroy what little unity remains between the two great powers. Another prospect is that it may delay indefinitely the work on peace settlement for Japan.

Up to this week there had been considerable hope here that Washington and Moscow would be able to devise some means for fashioning a Japanese treaty which would eliminate many frictions that have been besetting peace-making attempts in Europe.

NO AUSTERITY FOR ROYAL WEDDING

LONDON—Pealing bells, flowing champagne and public rejoicing Wednesday night appeared likely to herald the wedding of Princess Elizabeth and Lt. Philip Mountbatten, despite the undercurrent of protest against a lavish pageantry in a time of national shortages.

High government officials said the ceremony, to take place in Westminster Abbey, probably in October, "certainly won't be on austerity lines."

ISSUE MORE BONDS THIS YEAR

OTTAWA—A second issue of Canada Savings Bonds, the post-war government security which met popular approval when offered last fall, will be floated by the government this year, it was learned on Wednesday.

It is expected to be offered in autumn and bear the same interest rate—2 3/4 per cent—and the same maturity—10 years—as the 1946 bonds.

QUEBEC GOV'T WINS FIVE STRAIGHT

HUNTINGDON, Quebec—John Rennie, insurance agent, Wednesday night maintained the Union Nationale government's unbeaten record in provincial by-elections and thwarted the first attempt by women to enter the Quebec Legislative Assembly by winning the Huntingdon by-election against Mrs. Mac O'Connor, Liberal. This was the government's fifth straight by-election victory.

FIVE U.S. AIRMEN KILLED

SEATTLE—Five United States Naval airmen, attached to the fleet air wing at Whitty Island, Wash., were killed Tuesday night when their four-motored PB-4Y plane crashed while making a landing.

WARNS OF THREAT TO WORLD PEACE

LAKE SUCCESS, N.Y.—The United States suddenly removed its diplomatic wraps Wednesday and bluntly told the United Nations Security Council that Yugoslavia, Albania and Bulgaria were a menace to international peace.

Herschel V. Johnson, American deputy delegate, said there was not the "slightest evidence of civil liberties" in the three Soviet satellites, and a "dictatorship is a dictatorship no matter what you call it."

NO HOT STUFF NOW; MAYBE LATER

OTTAWA—Canadians who have come to accept the war-time substitute for real pepper—an ersatz preparation of bran flakes and other ingredients but little hot stuff—may be able to get the real thing by fall, but probably pay more for it, informed quarters here said Wednesday.

BIGGER EXPOSE BY SULLIVAN

MONTREAL—J. A. (Pat) Sullivan said today he would distribute a pamphlet along Montreal's waterfront today which would be a "bigger expose" of the Canadian Seamen's Union than he made at the time of his resignation from the presidency.

At that time he claimed it was Communist dominated. Sullivan now claims his Canadian Lake Seamen's Union now represents a majority of Canada Steamship Line's 1,400 employees.

MAY SALVAGE ALL MAIL

OTTAWA—Canada's post office officials are holding out hope for salvaging all the mail aboard the Arctic vessel Nascope, grounded at Cape Dorset on Baffin Island. A spokesman for the department said today that during the war tightly bound packages frequently were saved after floating on the water.

Light Delivery Truck Demolished

This is all that remains of a car in which five people were injured in a spectacular accident half a mile north of Westbank shortly before 1:30 a.m. last Sunday. The ancient passenger car, which had been converted into a light delivery, is shown lying upside-down after it went off the road and veered back on to the highway. Parts of the automobile can be seen scattered over the road. Two of the five passengers were seriously injured and are still in hospital.

Critically injured were Raymond Decaire and Mrs. J. Barrell, but both have shown steady improvement since being admitted to hospital. Other passengers who received slight cuts and bruises were John W. Barrell, alleged driver of the vehicle, Elmer Popp and Miss Helen Barrell, daughter of the woman in hospital and the alleged driver. All five people reside in Westbank.

City to Spray Garbage Cans to Prevent Spread Of Infantile Paralysis

TAKING drastic steps to prevent the spread of infantile paralysis, City Council, at the suggestion of Alderman Jack Ladd, unanimously decided to authorize the public works department to spray every garbage can with insecticide, and at the same time declared that if local residents do not make an effort to obtain tightly-fitting garbage cans, they will be prosecuted.

This action was taken at the Council meeting on Monday night when Alderman R. P. Walrod, chairman of the public health department, briefly referred to the disease.

He said that while only one case had been reported, Dr. A. N. Beaty, local health director, had done a good job in pointing out measures to be taken to prevent the spread of the disease. Mr. Walrod, however, stated that the purpose of weekly garbage collection pick-ups is lost by people failing to comply with regulations and have covers on the refuse cans.

"Files are No. 1 on the list for spreading infantile paralysis," Alderman Walrod declared, adding he had inspected many homes and found residents disobeying regulations.

Two Alternatives
As a measure of enforcing the garbage collection bylaw, the alderman suggested two alternatives:

(1) That men on the garbage collection trucks remove all cans that do not comply with regulations.
(2) Have someone point out to residents the necessity of garbage lids.

When Mayor W. B. Hughes-Games said if there were any phony cans, residents not having tight-fitting lids on cans, City Clerk George Dunn said the by-law provides a penalty of \$100 fine on summary conviction. His Worship then suggested that drastic measures be taken to enforce the bylaw.

Alderman Jack Ladd, however, thought that additional steps should be taken to prevent spread of the disease, and when he suggested that every garbage can be sprayed with insecticide, it met with the unanimous approval.

Alderman Jack Horn promised co-operation by supplying the gar-

bage collection detail with another man.

Issue Statement

Following is a statement issued this morning by Alderman R. P. Walrod in connection with polio-mylitis:

"The city health committee is concentrating on sanitary conditions within the city and will take whatever steps that appear advisable to forestall an epidemic of polio-mylitis. The incidence of one case in this region has alerted the health authorities and the best counsel that medical science can give has appeared in the press."

"As in the case of many other infectious diseases, polio-mylitis has for its most effective agents and allies ignorance and carelessness. With the co-operation of the general public, the guardian of community health can do much to stamp out or suppress the crippling scourge of infantile paralysis. It is more a coincidence that polio epidemics most often run concurrently with the 'fly season'. Men of science have ample proof that these insects are public enemy No. 1 as distributors of the disease."

"During the last few months, weekly garbage pick-up has been instituted to reduce this hazard. The benefits of this service are largely lost where residents have failed to comply with the bylaw in providing a suitable garbage can with a tight-fitting lid. As notices have already been given to violators, the City has no alternative but to prosecute those who fail to provide satisfactory containers within a reasonable length of time."

"The public can further co-operate by applying fly spray liberally wherever they appear. The time to take precautions is before the disease appears, rather than afterwards."

Rutland Rally Day Held Under Ideal Conditions

Clear skies, a cool breeze and a day packed full of activities describes Rutland Rally Day held at the Rutland Park Wednesday.

A baseball tournament, fastball games, track events, a swimming meet, a parade, a dance, clowns and refreshments provided enough entertainment to suit the most critical.

The day was warm, but cooler than previous days, thanks to a breeze which swept across the park. The crowd appeared to be somewhat smaller than that of a year ago, although there were enough people to provide good audiences for ball games and swimming events.

Youngsters by the dozen crowded the swimming pool area and cheered loudly for their favorite contestants and laughed at the antics of the clowns.

The parade was a new venture for Rutland and was a meritorious first effort, consisting of Guides, Scouts, a decorated car or two, clowns and a score of riding horses.

Rutland is a baseball-minded community and the baseball and fastball games, naturally were well patronized by rooting fans.

Lunches and tea were served on the lawn at the south end of the pool while the refreshment stand adjoining the ball field was one of the busiest spots in the park.

Pitcher Hank Wrostrowski snared the Lloyd-Jones Cup for Rutland when he set down the defending Kelowna squad 5-1, with two hits in the baseball finals played last evening. Starting Pitcher Bud Gourlie was charged with the loss, though he was relieved midway through the seven-inning stretch by Wally Lesmeister.

Lesmeister put Kelowna into the final by chucking a six-hitter at Olyms, shutting them out 3-0 in the second of the semi-finals. In the first, Rutland gained its way in by ousting Winfield, 3-1. High class ball

was featured in every game.

Rutland Pro-Rec and Rutland High School put on a thrilling softball display before the Pro-Recs were able to take out a 7-5 win in four extra innings. In the ladies' game, Johnny Evans' East Kelowna outfit lost a close one to Rutland, 5-4, in the agreed seven innings.

They probably decided the consolation by winning the horseshoe pitching contest. Glen O'Shaughnessy, playing for Kelowna, was given the special prize for the day's best batting performance. He got three-for-six, a single, a double and a triple.

Officials found it hard to decide between Lesmeister and Wrostrowski for the prize for the best pitching. Finally they ruled both should get a prize. Lesmeister was given a \$5 airplane ride and Hank a \$5 certificate for gas and oil.

Prizes and cups were presented to the day's winners by Bernie Heitzman at the windup dance at the Rutland Community Hall.

TOTAL OF 58 PUPILS PASS EXAMINATIONS

Senior Matriculation Marks
Will be Mailed Personally to Candidates

A total of 58 Kelowna and district students successfully passed their junior and senior matriculation examinations, according to the list of names released by the Department of Education this week. Candidates are being personally notified as to marks obtained.

Students who have failed to pass senior matriculation examinations are granted credit for all papers in which they have obtained 50 per cent or more. Supplemental examinations will be held in the Kelowna high school between August 25 and August 30, it was announced.

Following is a list of students in Kelowna, Rutland and Westbank areas that successfully passed June examinations.

CITY THANKS GLENMORE
FOR CO-OPERATION

City Council last Monday night unanimously agreed to write to the municipality of Glenmore and thank councillors for their co-operation by offering the Kelowna Golf Club a sum of money in lieu of a reduction in water rates.

Some time ago the golf club asked for a reduction in water rates in order that water may be obtained for the golf course. Glenmore Councillors thought they would be setting a precedent by giving a reduction in rates, and instead thought that, equal to the water reduction, would be more satisfactory.

Full details and a complete list of prize winners will appear in tomorrow's edition of the Kelowna Courier.

Among the local prize winners were Thomas E. Hughes, owner of Tomby Kennels at Okanagan Mission, whose entry (ch) Quandalla's Sweet Lady, was declared winner's bitch in Black Cocker on both days, and finally finished champion. A blonde cocker male, "Topper Silver Prince," also owned by Mr. Hughes, was declared reserve winner in his class.

Benny Gant, who exhibited a German short-haired pointer, the Prince Louis von Bayern, was named best of breed the first day and reserve winner the second day.

In addition to Mrs. Ritchie's Afghan Hound being declared the Best Canadian bred dog in the show in the first day, a Yorkshire terrier, also owned by the Okanagan Mission dog fancier, was named the best dog in the Toy group on both days.

As a result of investigations, further charges were placed against the youths. One was charged with doing an act likely to make a juvenile delinquent and the other was put on probation for one year and required to report to the police on the first Saturday of every month, when he appeared in Juvenile Court on July 21.

The other youth was charged with having stolen goods in his possession. When he appeared in Juvenile Court also on July 21, Judge of Juvenile Court H. Angle adjourned the case until July 30 at the request of the police. Further investigations will be made.

Hope Aroused That Valley May Ship Portion of Apple Crop To Old Country Market

BRITISH FOOD HEADS REFUSE APPLE GIFTS

Word Received That Apple
Gifts to Britain Will Not be
Allowed

COMPLICATIONS

Not More Than 22 Pounds Can
Be Shipped to Any Individual
in Britain

Word has been received in Kelowna that the British Ministry of Food cannot allow gift shipments of apples to Britain, other than as provided in the present regulations, which permit 22 pounds to be shipped to any individual.

This information means that no large gift shipments can be made, should B.C. growers, firms, or individuals, desire to make this gesture. It means that no individual may ship even a box of apples to any person in Britain.

This decision by the British food ministry puts an end to any suggestion that B.C. growers should make a gift of any quantity of apples to Britain this year or that a fund should be started for the same purpose. Both of these ideas have been broached, during recent weeks, following the announcement that it is unlikely that Britain will purchase any apples this year because of her dollar situation.

Create Unrest

Apparently the reason for the British decision against either small or large gift shipments is the fear of creating unrest should a number of persons receive gift apples and others not so. It is felt, presumably, that the British people should all share and share alike and that, should gifts be permitted, persons with friends in this country might receive apples while others would not, and resent the fact.

Large gift shipments, apparently, are considered in the same light as it would be quite impossible to provide enough gift apples for all people in the United Kingdom.

In any event the possibility of sending apples in large or small quantities is definitely out of the picture, unless there is some change in the British attitude. The use of the present regulations is "quite impossible as there is no container to come under the 22 pound edict. It is to provide one meter for many complications in box factories, to say nothing of the establishment of a new railway tariff as well as many other incidents which the person, not familiar with shipping and governmental regulations, would not appreciate."

The ministry's announcement would seem to definitely kill any idea of gift apples reaching Britain this year.

OVER 1,000 ATTEND DOG SHOW HERE

Okanagan Mission Entry Declared Best Canadian Bred Dog on Opening Day

Mrs. Purves Ritchie's Afghan Hound, the Maharaja of Wyndhaven was declared the best Canadian bred dog in the show on the opening day of the second annual all-breed championship dog show, sponsored by the B.C. Interior Kennel Club, which was held on Tuesday and Wednesday of this week.

More than 1,000 people attended the exhibition, which was reported now, except the revenue, which would be at the expense of the public," Alderman Horn said.

Alderman R. P. Walrod said there is a decided shortage of parking space for the public after parking meters are installed, but that after three months, car owners find them an advantage.

Alderman Maurice Meikle thought Council should get the opinion from small towns where the meter system is operating. Mayor Hughes-Games referred to New Westminster and Wenatchee, where the meters are installed. For the first time since the meters were installed at New Westminster, I was able to find a parking space and stopped for lunch," he said.

"It would drive your farmers right out of the city," declared Alderman Meikle. Alderman Walrod countered with the remark that the farmers would be the most to benefit.

Before the matter was referred to the traffic committee, Alderman Sam Miller said he was not opposed to the meter system, but thought the matter should be carefully studied before any action is taken.

Many Firsts
Some of the other firsts that all bear out that the directors weren't kidding when they said, "This one will be the best yet," are the greatest variety of rowing and speedboat events ever staged on Okanagan Lake, swimmers and divers from more parts of Western Canada and the Northwestern States than ever before, stage entertainment for the evening shows that will be quite different from previous years. There are also good chances that a fleet of planes

Report That Nova Scotia May Ship Portion of Crop to United Kingdom Is Surprise to Local Fruit Officials—Telephone Call Placed to Head of Nova Scotia Apple Marketing Board—J. G. West Confident That British Columbia Will Get Share of Market If Any Apples Sent to Britain

No Gift Apples Allowed

REPORTS that a portion of the Nova Scotia apple crop will be shipped to the United Kingdom this year, aroused hopes in local marketing circles that British Columbia will be included in the export deal. While no word has been received locally, a Canadian Press dispatch from Kentville, N.S., quoted Major R. D. Sutton, chairman of the Nova Scotia Apple Marketing Board as saying that the Annapolis Valley will be shipping apples to the United Kingdom this season.

As soon as word was received by the Kelowna Courier, Tree Fruit officials were asked to comment on the dispatch, but the story took them by surprise. A long distance telephone call was placed by J. G. West, advertising manager of B.C. Tree Fruits, to Mr. Sutton, in Kentville, but at 3 o'clock this afternoon no reply had been received.

In view of the large quantity of B.C. apples shipped to Britain last year, it is considered unlikely, however, that the Old Country will overlook the B.C. market. Only this morning word was received that the British Ministry of Food has decided against allowing Canadians to send free apple gifts to Old Country residents. This story appears elsewhere on this page.

The Canadian Press, quoting Mr. Sutton following his return from a conference in Ottawa said that some apples will be shipped to Great Britain "although the quantity will be definitely less than last year."

Previously, the dispatch continues, the valley growers had been told that the British government, which took almost one third of the valley's two-million barrel crop last year, would not take any apples this year because of the dollar shortage and the big English crop. Current estimate of this year's Annapolis valley crop is 1,125,000 barrels.

Commenting on the dispatch, Mr. West said that while any word issued by Mr. Sutton can generally be regarded as authentic, no word has been received by local fruit officials regarding the export deal.

"In view of the fact both apple producing areas shared the export market last year, I am confident that B.C. will get a portion of the shipment," Mr. West added.

Mr. West placed a long distance telephone call to Mr. Sutton, but at press time, no reply had been received.

Aldermen Express Opinions After Circular Received from Parking Meter Firm

Mayor Suggests Matter Should
Be Referred to Traffic Committee for Study

Advisability of installing parking meters on Kelowna streets again came up for discussion at the Council meeting on Monday night after City Fathers received a circular from a parking meter firm.

Mayor W. B. Hughes-Games suggested it be referred to the traffic committee, but Alderman Jack Horn thought it should be thrown in the waste paper basket.

His Worship pointed out that in recent trips through the U.S. and to Vancouver and New Westminster, he thought the parking meters were effective, but that in Kelowna, and for that reason the traffic committee should make a careful study of the system.

"I think we have the situation (one hour parking) under control now, except the revenue, which would be at the expense of the public," Alderman Horn said.

Appeal to Community Interest

The women of the Ladies' Auxiliary to the Kelowna Aquatic are in trouble. They are just about ready to dissolve into the well known crocodile tears. One of their Regatta tasks is to find billets for the competitors and this year the task, thus far, has been a pretty grim one.

It is obvious that commercial accommodation in this city cannot take care of the swarms of visitors who attend the Regatta, to say nothing of the youngsters who come to compete. This year, as for the past several, it is necessary to look to the residents of the town to provide sleeping accommodation for the youngsters. In other years this has been done successfully. So successfully, indeed, that most of the youngsters have reported excellent billets in pleasant homes and have taken away with them very pleasant memories of Kelowna. In this manner Kelowna has built up a considerable number of unofficial goodwill ambassadors who have boosted Kelowna in all sections of the country and in many States.

But this year, householders have been slow in coming forward to say that they can billet one, two, three, six, or ten (and some homes do billet numbers that large!) The Regatta is now only a few days away and the situation is gravitated this year by the fact that there will be more competitors than ever before, according to preliminary advices from outside coaches.

It's true that extra persons in a house may cause a little confusion, but in the case of these youngsters this hardly holds good. The youngsters spend the days at the Aquatic and turn in very early. They are in at night and in the morning and the housewife hardly knows they are around. Unless she wants to, and she may well want to, because these youngsters are generally a pretty good calibre of youth; full of enthusiasm, friendly, keen and appreciative.

It's not a case of giving them any meals. It is only a case of putting that unused bed or cot to use for a few nights. That is all that is asked.

Kelowna women have come forward in other years and taken these competitors into their homes. They surely will again. Only this year they have been just a little slower in saying so. And in the meantime, the billeting committee of the Aquatic Auxiliary is just about having a catfit wondering where it is going to find sleeping accommodation for these youngsters. How about looking over that spare bed and thinking how comfortable it would be for a youngster tired from a day of competing in swimming races. Then call the billeting committee and tell them you can accommodate one or two? You'll not be sorry.

Red Tape At Work

There is nothing which irritates the general public more than government departments delaying action on some question for apparently no good reason whatsoever. This happens quite frequently and does more to breed resentment against governmental departments than anything else. Usually these things are little things and the average person fails to understand why there should be any delay in the decision whatsoever.

An example of this is the road on the westside between the ferry and Westbank. As is well known, a year ago the provincial de-

partment of public works surveyed a new location for this section of the highway and it was announced that work would commence on the construction of the relocated road this year. In the meantime the present road was allowed to deteriorate to a deplorable condition. To this there was no great objection as the travelling public was quite willing to admit it would be a bit foolish to spend good money repairing a road which would be abandoned probably this year or early next year.

But the summer drew on, the road grew worse and there was no sign of any activity on the new survey route. There were murmurings of dissatisfaction and these, as the weeks passed by, grew to a crescendo of complaints. The department of public works announced that the new construction was held up pending approval of the Department of Indian Affairs in Ottawa, the approval being necessary because the highway ran through an Indian reserve.

That was some weeks ago. On Monday the approval had not yet arrived from Ottawa and no construction had been started. Instead last week the provincial department commenced making some repairs to the old highway, in order that it will still remain passable.

This would seem to mean that red tape has prevented the possibility of any real work on the new road this summer and that for another year the present road with its bumps and turns must be used. Another year of disgruntled motorists, another year of annoyed tourists.

It is natural to ask what has caused the delay. Apparently, the department of public works was prepared to go ahead with the work but the official approval from the Department of Indian Affairs has been lacking. Why?

Why should it take weeks or months for an Ottawa department to give its official approval to the construction of a small stretch of road by the provincial department? The new location was surveyed and decided upon last year. The department has many stretches of highways through Indian reserve lands and knows that approval for relocation must be obtained from Ottawa. Presumably, then, this approval was asked last fall. If so, why must the Ottawa civil servants in the Indian affairs department, delay such a simple decision a matter of months? So long, in fact, that the people of this area, to say nothing of the thousands of tourists pouring through, be inconvenienced for another whole year, to the detriment of their cars and the complete destruction of their tempers?

From here, Ottawa can have just one reasonable explanation and that is that the provincial department had neglected to seek Ottawa's approval of its plans until this spring. In that case, the department of public works is at fault and some official in that department should have his fingers rapped. However, even should this be the case, the request for approval was in Ottawa several weeks ago and there would seem to be no adequate reason for a delay of that length of time in giving approval to such a small item.

Still, Ottawa is Ottawa, and time means little on the banks of the Ottawa, especially in the hot dog days of summer. British Columbia is a long way away and the people in that province are of no great importance anyway, so why should any employee of those people even bother to bestir himself enough to even write a letter of approval about some little stretch of road in the wilds of the Okanagan Valley?

Sufferers from hay-fever and so-called "rose colds" should avoid swimming during seasons when they are most subject to those unpleasant disabilities.

ONE MAN'S OPINION

By "The Beaver"

FOR THE FIRST TIME in several years, local citizens had the opportunity of seeing a circus—and when I use the word SEEING, I do so with a certain amount of reservation. For my mind the performance given here last week was the greatest disappointment ever witnessed by the citizens of Kelowna.

THE THOUSANDS of people who flocked to the exhibition grounds last Thursday proved beyond a doubt that children and adults alike in this city wanted to see a good circus performance—and rightly so. But after lining up for almost two hours to buy a ticket, shell out some more cold cash in order to get inside the tent, and then turn around and pay for a seat—in some cases it worked out to around \$2.00—the hundreds of people who sat through the sultry, dust-laden tent wondered why they took time out to see a few "has-beens" go through one or two aerial exercises and a man climb into a cage and crack a whip at a few small animals that would almost purr like tame kittens.

THE LARGE NUMBER of people who attended the circus more than surprised the owner of the outfit. At the outset, two performances were planned—one in the afternoon and another in the evening—but when the proprietor of the circus saw the crowds, he decided to add a third performance. He no doubt decided to grab the cream while it was flowing. Hence, instead of the public seeing a two hour show as was advertised, the performances were cut down to one hour and ten minutes. And in order to grab all the honey, a total of five performances were put on. Worked out on the

basis of 600 at each show, this amounts to 3,000 people. A little figuring shows that at \$2.00 a ticket this travelling circus in other words took a total of \$6,000 out of the city—although one person informed me that it actually amounted to \$10,000.

IN ADDITION, the amount they took from the sale of 200 candy apples, ice drinks, etc., must have gone into hundreds of dollars.

THESE TRAVELLING OUTFITS might provide a little diversified entertainment during their one-night stands, but when a circus can come into town, PAY ONLY A \$200 LICENCE FEE, it seems to me that something should be done about it.

WHEN I SAY something should be done about it, naturally if the city refuses a licence, they would probably go and operate on the outskirts of the city limits. But I'm sure there would be nothing to inserting a clause to the effect that a circus should be required to live up to a certain standard and that each performance should last for so long a period. Or better still, issue a licence for so many performances.

IT'S PROBABLY because I've seen some of the circus acts put on by some of those veteran entertainers Barnum and Bailey or Ringling saw the way I feel the way I do. After all, there is no one who appreciates a circus more than children, and for the majority—yes, even a number of adults—it was the first time they had seen this kind of entertainment.

BUT TO DISCUSS a few of the "daring" acts performed by the circus troupe, I still chuckle to myself

when I think of those small lions performers—the greatest collection of tigers—rated in advertisements as ferocious—running upon. They went through their various routines like a machine, but judging from the height of the than cubs—hardly big enough to be away from their mothers. Naturally they snarled when a chair was pushed in front of their face, or the trainer cracked a whip. Any dog or cat that was cornered in a backyard would do the same thing. I think the trainer, whatever his name is, should be reminded that no veteran ring performer would turn his back on a bunch of wild animals for one second—a grave mistake he continually made—yet the animals made no attempt to spring, but merely looked at one another like spoiled kittens.

ABOUT THE ONLY act I enjoyed was the tight rope walking performed by some dogs. And judging from the ovation they got from the crowd at the performance I tented, I think a lot of other people thought the same thing. As for the clowns, I suppose they were funny—no hum!

THIS FRIENDLY criticism is written in the hope that something will be done by the proper authorities before another circus licence is granted. The other day I understand another circus representative was in the city enquiring about a permit. According to my informant he said the performance would consist of "a few ring acts". Just what "a few ring acts" entails, I don't know, but let's hope it won't be a repetition of the farce we had last week.

SIX TO TEN thousand dollars is a lot of money to go out of here in one day. If we have to pay \$2.00 to gamble on what type of circus we are going to see, let's throw the gate wide open and have a real gamble—something that the public may get for their money when the winning ticket is drawn from the pot!

Kelowna In Bygone Days

From the Files of The Kelowna Courier

TEN YEARS AGO

Thursday, July 22, 1937

A large two-story frame house on Wilson Ave., property of Kasper Fichter, was gutted by fire on Thursday afternoon, July 15, when a total damage estimated at \$1,100. The fire had gained considerable headway before the fire alarm was received.

Gyros from two states in the Union and from part of British Columbia have gathered in Kelowna for the annual District Convention, starting today and continuing Saturday evening. Every possible form of entertainment has been arranged for the visitors, who already are pouring into Kelowna by train and automobile.

Complete assurance was given Kelowna City Council by Lorne Campbell, general manager of West Kootenay Power and Light Co., on Monday afternoon, that after the installation of the new step-down station in Kelowna and the boosting of the high voltage line to 60,000 volts from Penticton to Kelowna, there would never be any danger of a lengthy shut-down of power in future. Mayor O. L. Jones reported to the Courier this week.

TWENTY YEARS AGO

A run on beans was started at the Occidental cannery on Monday. Sour cherries are also being canned there this week.

The teaching staff of the high school has been completed by the appointment as teacher of Latin of Miss Mary E. Mahaffy, who until recently was principal of the Enderby high school, a position she held with credit for three years.

The committee in charge of the improvement of the road to Chute Lake has had three men engaged in using powder on the rocks on the roadway above the level of the Kettle Valley line. The work was carried on for five days and as a result the road is all clear as far as the lake. All that is needed now are proper railway crossings.

R. A. Copeland has purchased recently a 320 acre stock ranch at Lumby together with 12 horses, 80 head of cattle, 75 hogs and the usual implements and accessories. Mr. Copeland is sending up his boys to look after the ranch.

The first party of workers from the Coast to assist in the Kelowna orchards for the coming harvest arrived in town on Tuesday morning. They consisted of five women and 12 young men and if they are indicative of the class who have given in their names to help the Okanagan farmers this year, the prospect is certainly far from being a calamitous one. Eight of the men came from Victoria, the rest from Vancouver.

At a public meeting held last Saturday morning in the East Kelowna school, W. Chapman, R. Rowley and E. B. Powell were elected as trustees for the ensuing year.

Again the death of another Kelowna boy on the battlefield has been recorded. This time it is Pte. Alex. Bernard Thayer whose name must be written among those other names of brave lads who will never return when the war is over and past. Pte. Thayer was the son of Mr. and Mrs. Stuart W. Thayer, who until recently were living on Glenn Ave.

Two Kelowna men have returned to their home town from the front during the past week, both having been severely wounded. These men are Tpr. Bingley and Pte. J. Symonds. Unfortunately Pte. Symonds reached Kelowna a day later than was originally expected which was partly the cause of the quiet welcome he got.

J. W. Milligan has bought the K. S.U. Block for \$6,500. The purchase was made through Messrs. Collins and Hewetson.

George Raymer arrived recently from Manitoba and has taken over the plumbing department in Morrison and Co.

The gratifying news was received on Monday of the success of E. C. Wedell and Miss G. Hunter in the McGill matriculations, the former scoring 381 and the latter 358 marks, both a long way above the pass standard of 240.

The "Okanagan" had a small explosion on Monday morning which blew out a stud of her boiler, and she did not reach here until nearly noon. No one was hurt in the accident.

Suspended sentence was given to Martha Travers in city police court on July 17 after she was charged with driving a horse-drawn vehicle on a public highway at night without a proper light.

Alan Sauer was fined \$5 and costs in city police court on July 17 where he appeared on a charge of failing to produce a driver's licence at the request of a police officer.

Indian Who Fought Overseas Thinks Gov't Should Allow Him to Drink

Chooses Jail Term After Being Convicted on Two Charges in City Court

Two Indians who said they were fighting for fun, found the entertainment costly when they appeared next day in city police court on charges of vagrancy and causing a disturbance.

Alex Eli and Peter Joe, both of Westbank, were convicted before Police Magistrate H. Angle last Friday morning. The latter was fined \$5 and costs or five days and paid the fine. Eli, who was blamed for starting the fight, was fined \$10 and costs or 10 days. He chose the jail term.

Eli was also charged with being unlawfully intoxicated and was fined an additional \$5 and costs or five days. "I'll take the jail term," the accused said stoically. Before sentence was passed he told the magistrate he saw no reason why he couldn't drink liquor.

"If I was good enough to fight for my country, they (the government) should treat me decent," he said. He served overseas with the Canadian Scottish Regiment. His wife told him he was taking his war record into consideration when he fined him only \$5, even though he was to say where he got the liquor.

The two men were arrested when police were called to the rear of the Bank of Montreal, about 8 p. m. last Thursday. Staff Sgt. W. J. Thomson told the court that when he asked the Indians why they were fighting, they replied: "Just for the fun of it."

1ST RUTLAND TROOP

"Do a Good Turn Daily"

Orders for week ending August 2. The troop will parade at the school field on Monday morning, July 28th, at 9:00 a.m., in readiness to move off to camp at Okanagan Centre. Camp will last from July 28 to August 2 inclusive. Arrangements have been completed for transportation to and from camp. Camp lists are available at the swimming pool for those who have not yet received their lists. During the coming camp, particular attention will be given to proficiency in swimming, and in passing outdoor tests such as tracking, cooking, signalling, etc. The patrol system will be followed as usual, with each patrol having its own camp, kitchen and camp area.

HEDLEY BALL TEAM COMING HERE AUG. 6

Baseball will also be on this year's Regatta program, it was announced last week. Appearing here on Wednesday, the second day of the Regatta, will be a much-talked-about nine from Hedley, B.C., to tangle with the Red Sox. Arrangements were confirmed Friday by Ian McKay, business manager of the Sox.

At least seven ex-Vancouver college baseballers are on the Hedley roster this year, and three of them are pitchers, all regarded as tops in their class. They are Rodney Owen, Bob Brewer and Bob Murphy. Murphy played with the "A" squad here last year, but seemed to have trouble getting away to a good start.

The Murphy is said to be right on his toes this year. He and the other two ex-college chukkers are being credited with giving baseball its best boost seen in years in the Hedley-Princeton district.

Other well-known college athletes on the team are Pete Thodos, Terry Cox and the Mulhern brothers, Maury and Brian. Manning the team and said to be willing to do anything for the cause of baseball is F. A. McGonigle, who is running the Kelowna Exploration Co. mine at Hedley. All of the former Vancouver players have jobs there.

CAR DRIVER IS FINED \$50

Aftermath of the accident on the Vernon Road a week ago Saturday

when six people escaped serious injury near Postville, came in district police court Saturday last when Ed Kechn, alleged driver of the car, was fined \$50 and costs on a charge of dangerous driving. Costs amounted to \$10.15, the amount needed to bring witnesses from Vernon after the accused pleaded not guilty. The Woodlawn motorist was also prohibited from driving anywhere in Canada for a period of six months. Damage to the car was heavy but no estimate was given.

Leslie's Opens New City Store For Young People

LESLIE'S LIMITED, formerly the "Kiddies' Toggery", officially opened its new modern premises today in the Capital News building. The stock is mostly for young people, but for grown-ups there is lingerie and hosiery in a few exclusive lines, such as Kayser and Superior Silk.

"We are going to stress teen-age clothes, and boys' wearing apparel up to six years only," said Mrs. White, sinking exhausted into a canary wicker chair. "We've been working night and day for a week, preparing for the opening."

Leslie is Harry L. White's middle name, the name of his year-old, Kelowna-born daughter, and a name equally suitable for a girl or boy, as are the adorable garments for the "Now We Are Six" set.

"We have ready-to-wear for teenagers, children and babies," said Mr. White. "From the Cradle to College—it's Leslie's, is our slogan."

Harry White has had plenty of experience in fashion promotion and retail merchandising in Winnipeg and Edmonton, with the T. Eaton Company Ltd. He was an Eaton department manager and buyer for many years in Edmonton.

Born in Wolverhampton, Staffordshire, home of the first division football champions. He came to Winnipeg in 1929 and lived there ten years following which he moved to Edmonton, where he was with the T. Eaton Co. until the outbreak of war.

In Edmonton, he was well-known in the Flying Club, where he acquired some notoriety in barnstorming and parachute-jumping, setting the Canadian record, closes-to-the-ground delayed parachute jump. He joined the Winnipeg Grenadiers in 1940 and after six months in Jamaica, went to Hong Kong with the Canadian Brigade in November, 1941. Prior to the capitulation of the Hong Kong garrison, he was promoted to the rank of Captain in the field.

Broken Health "My health was so broken down when I got back, having spent four years as a compulsory guest of the Japanese in Hong Kong, that a change was recommended, and I chose Kelowna as being one of the nicest spots in Canada in which to settle permanently." And Kelowna is happy to welcome the White family.

The color scheme of the attractive little shop for little folk and their big sisters, is a soft green, with canary furniture and stands. There is a trim bar for lingerie and ho-

NOTED BALLET DANCER LAUDS CITY TEACHER

Miss Mara McBriney, of the Royal Academy of Dancing of Great Britain, spent the week-end in Kelowna during the course of a tour of the interior in the interests of ballet dancing. Miss McBriney recently visited Victoria and Vancouver, and left on Monday for Red Deer, Alberta, where she will visit the Young Leaders' Camp, to give them some idea of what type of instruction should be given to young people in the Calgary area.

The main part of Miss McBriney's work during her coast to coast trip, is to give lectures and instruction on the modern uses of ballet, such as an art of the theatre, which includes the training of students for professional work, and in the educational and cultural qualities comprised in the requirements of ballet, from a teacher's point of view.

"Kelowna should be proud of Miss Pratt," said Miss McBriney. "She is competently mastering the intricacies of this work and giving her pupils a satisfactory standard of execution that will enable them to take the Royal Academy examinations in Kelowna in the spring." These examinations have only been held in the Toronto and Winnipeg areas heretofore.

"I have been dancing all my life," said Miss McBriney, who is one of Britain's leading exponents of ballet. She has recently been on a lecture and demonstration tour of the Midlands, with Arnold Haskell, world-famed balletomane and author, under the auspices of the Arts Council of Great Britain, which organization has been influential in educating the British public in the art of ballet.

"Ballet in England at the present time," said Miss McBriney, "is at a boom peak."

MORE ROOMS ARE REQUIRED FOR SWIMMERS

Regatta Less Than Two Weeks Away but Few Offers Received

How would you like to be on the

Regatta committee, with Regatta less than two weeks away, and not half enough space for bedding down contestants?

Declared Gordon Bennett, director of the Aquatic Association, and chairman of the Regatta Regatta committee: "Due to the hard work of a number of citizens, who were directors of the Aquatic, and the cooperation of other residents of Kelowna, the Regatta has been built up to the point where it is the largest water show in Canada. The Regatta is now definitely 'big business' and means a lot to everyone in the district. This year, with a larger number of entrants than before, and besieged with visitors from all points of the compass, the Regatta committee is faced with a very serious and critical situation, with regard to competitors. If the Regatta standard is to be maintained, then the citizens of Kelowna must make a special effort to help out with the accommodation problem. A number of business men in this community give a great deal of their time, their effort and their money to put the show over. Surely it is not too much to ask that some lad or young lady have the use of a room for a matter of two or three days?"

Need More Rooms

Mrs. Ken Parker, billeting convenor, said: "We are very grateful to the people who have already offered accommodation, but up to now, it is not nearly adequate, and we need a greater number of offers of rooms than we have as yet received. We are very much aware of the fact that space is being taken up in people's homes by their own relatives and friends, but just the same, these competitors and their chaperones and coaches are going to be here shortly and something has got to be done about it. Have you not a porch or storage room or something that could be converted into temporary sleeping quarters? If so, please call me at 70."

So shed a tear for the billeting committee, and in gratitude that you are not one of its harassed members, phone and say you'll let them have a bed.

Charged with dangerous driving, C. H. Tutt was fined \$25 and costs in City Police Court June 30, and was given a blue licence.

Ladies' Auxiliary to Aquatic Whip Regatta Plans Into Shape

Miss Marie Frey Will Represent Organization in Lady-of-the-Lake Contest

A general meeting of the Ladies' Auxiliary to the Aquatic Association was held at 8 p.m. Tuesday, in the Aquatic lounge, presided over by president Kay Pettman.

Mrs. Sally Winter reported on work done by Mrs. Marie Walrod, Mrs. Hazel Stewart and herself, in furnishing the rest room.

The powder room and annex have had sand-plaster walls repainted, and Sally Winter's committee have made new curtains and upholstered a mirror bench. Kitchens will be provided for dance nights, to prevent "uncivilized people" from wiping off their lipstick on the walls, and 14 ashtrays have been bought for the lounge. At Mrs. Winter's request, a committee including Mrs. Durby Hayes, Mrs. Ken McKenzie and herself, was formed to check up on the state of the rest room, and to see that it is kept neatly.

Kay Pettman reported on attending the directors' meeting on Thursday, July 17, when the Auxiliary had been thanked and complimented on their flower arrangements for the Wednesday and Saturday dances.

Marie Walrod has been asked to do the ordering of food for the four concession booths, and the Auxiliary has been asked to take care of the money at its own booth.

Need Volunteers

Mrs. Jack Gordon, concession convenor, needs 70 volunteers to take two-hour shifts at the booth.

Mrs. Ken Parker, billeting chairman, made an appeal for beds, as the billeting committee is shy on accommodation.

Mrs. Eugene Ashley and Miss Jessie MacEachern, reported that Miss Marie Frey, of B.C. Tree Trunk, had accepted their request that she represent the Auxiliary in the Lady-of-the-Lake Contest.

Miss Rosemary King reported on the banquet held for women competitors and visitors at the Golf Club on Wednesday, August 6. Members who have cars are asked to hold themselves in readiness and to stop at Lipsett's Garage to pick up anyone needing a lift.

Mrs. Frank Hyland volunteered to take on the job done last year by Mrs. J. S. Henderson, of putting flowers in the hotel rooms of special guests.

Subdivision

Plans turned down by City

J. R. Campbell's proposed subdivision of his property at the corner of Abbott Street and Park Avenue was turned down by City Council on Monday night. Mr. Campbell appeared before the Council and explained the situation. He said that due to the survey made many years ago, the property was difficult to subdivide in the way the city wanted him to do it.

The local resident said he wanted to want a lane to the city at the back of the Abbott Street houses, but this lane did not go through to Park Avenue. Two other adjoining lots on Park Avenue were less than the minimum size for lots stipulated by the city. If the lane was put right through to Park Avenue, it would run through Mr. Campbell's garden and would necessitate cutting down three of his fruit trees.

He positively refused to do this, adding that he had offered to subdivide the property in 1911 and put the lane through, but the Council at that time would not accept it. Council decided it would not accept a sub-division of the property until such time as a through lane was provided.

Rowing Teams

Will Compete in Coast Meet

Two rowing teams will be leaving the city tomorrow to take part in the Vancouver Rowing Club Regatta, slated for Saturday morning and afternoon.

On the senior fours squad are Bob Wall, stroke, Jim Stewart, Dave Leckie and Allan Marshall. Ray Bostock and Keith Duggan make up the senior doubles and Bill Treagold will be going along to act as coach and utility.

On spokesman for the rowers, admitting that the Kelowna teams were "light" was confident they would be able to "pull their weight" against the Coast competitors. The winning outfit will be the ones that can do better than that," he predicted. Whether or not anyone could remain to be seen, he said.

SECOND AIR CADET DRAFT LEAVES CITY

F/S Bill Godfrey Now Attending Flying Course Awarded to Top Cadets

F/L W. Robertson, Commanding Officer of the No. 243 Kelowna Air Cadet Squadron, announced today that the second draft of air cadets has arrived for the Flat Day air force station for two weeks' training in summer camps.

The draft consisted of AC's Monty DeMara, David Gordon, Russell Kraft, Kenneth Iddles, Bill Bennett and Dave Smeeth.

This year the R.C.A.F. sponsored three camps of equal size to cope with the ever increasing air cadet personnel in B.C. and Alberta. The purpose of the summer camps is to give the cadets first hand knowledge of up-to-date equipment on regular flying stations under the tutelage of air force instructors.

Air Cadet Sgt. Barry Harsent, who attended the first camp from July 3-17 reported on his return that the cadets first hand knowledge was taken up with classes in navigation, airmanship, photography, aerodynamics, radio and drill, with practical instruction included. The afternoons were devoted for the most part to sports of various nature.

During the camp, cadets were given flying time when they saw Victoria from the air.

First Camp

Other cadets who attended the first camp were Cpl. Earl Ferstle, LAC's Allen Anderson, Ross Darnley, Roy Fooks, Tilman Nahn, Barrie Clarke, Bill Brown and AC2 John Wanderer.

The third camp, to be held from July 31 to Aug. 14, will consist of AC's Geo. McCall, Don Melsted and Ken McIntyre.

F/S Bill Godfrey left on July 19 to attend the flying training course awarded to top cadets from all B.C. squadrons. Bill will be given a month's course at Sea Island airport by instructors of the B.C. Aero Club. During this course he will receive 12½ total hours of flying of which two will be solo. Other training will include 20 hours of navigation, airmanship and meteorology and 30 hours practical. A scholarship will be awarded to the top graduate of this course who will go on to obtain a private pilot's licence.

The local Gyro Club, sponsoring body of the Kelowna Cadet Squadron, is paying the expenses of F/S Godfrey, other than the cost of the actual course.

Health Head

Requested to Inspect Rooms

Before City Council will grant N. P. Kozdrowski a trades' licence to operate a rooming house, the premises must be inspected by the sanitary inspector. Mr. Kozdrowski made application to rent 24 rooms including two rooms in outbuildings. He said reason for wanting to rent the two rooms in the outbuildings was due to the acute housing accommodation.

As a matter of procedure, the sanitary inspector will also inspect the Kuzm's Kiosk, recently taken over by P. C. McCallum, from J. J. Trainor. Mr. McCallum applied for a licence to rent 24 cabins.

License was granted E. P. Witt to run the Standard Service Station. Mr. Witt pointed out the service station is operated by R. D. Prosser.

Before E. E. Ashley, dealer in retail electric and refrigerator sales, can be granted a trades licence, he must post a \$500 bond, Council also ruled. Mr. Ashley is opening a store known as Interior Refrigerators at 242 Lawrence Avenue.

Mrs. Yvonne Pringle was granted a licence for a public stenographer. Place of business is 324 Bernard Avenue. Mrs. Jane Eliz Ramsay also was granted a public stenographer's licence at 1476 Water St.

Trade licences were also granted to Brown Brothers, wood-dealers; C. Sinclair, repairing and installing venetian blinds, 247 Lawrence Avenue; William P. Brown, Barber, 312 Bernard Avenue; Mussalun and Tom Karoff, Herb's ferry station, retail gasoline, tobacco and confectionery; and Mrs. Ida Ruth Beaton, dressmaker, 288 Bernard Avenue.

Flying Saucers

Still Being Seen Here

The flying saucer is now doing a solo that is the latest on the celestial mystery according to Miss Flora Brown, 901 Bernard Ave., and Harold Mitchell, 888 Glenn Avenue.

Miss Brown, while motoring with friends last week, said she saw the saucer streaking for the south across the afternoon sky. Other passengers in the car were unable to pick it out of the blue.

Later, it was learned that Mr. Mitchell saw the same object at the same time but from a different vantage point. He, too, said he saw the disc heading in a southerly direction at a fast rate of speed. This is believed to be the same one that was reported to have been seen by several residents in Rutland.

APPLICATIONS FOR NURSES NOW OPEN

Because of the building program now under way which will more than double the capacity of Royal Columbian Hospital, applications are now being received from young women desirous of taking this training which enables them to enter a profession whose members stand high in public regard and for whose services there is likely to be an almost unlimited demand for years to come. The growth of this province, the expansion of hospital facilities in many communities, and the general trend of the public towards making greater use of medical and nursing services combine to indicate a future demand of very considerable scope for registered nurses.

Royal Columbian Hospital, in addition to increasing its capacity, will install the latest in modern equipment for the battle against ill health thus adding to the value of the training it offers student nurses, and the directors anticipate applications for the school to come from many parts of the Province.

Applications may be addressed to the Superintendent of Nurses and should be filed now in order that they may be considered and acted upon in time for the opening in September.

Three-legged race, boys, 8 and under, 25 yards — Sharon Campbell and Vicki Bissell; Pauline Beattie and Barbara Beattie.

Three-legged race, boys, 8 and under, 25 yards — G. Bissell and Ronald Jacobs; Jackie Wostradowski and Eddie Fraleigh and Mathieu Neigum.

Save, Don't Spend, Your Tax Cut Unless folks plan what they will do with their new savings through the recent reduction in income tax, they're liable to find that extra money melting away, says Geoff Douglas, local Bank of Montreal manager. Many people have commenced to tuck this "tax savings" away in a separate B of M savings account. Why don't you try it too? You'll be surprised how your regular deposits mount up.

As a precautionary measure against poliomyelitis the Council has ordered that Section 3 of "The Garbage Collection By-Law, 1946", as follows, be strictly enforced:—

"Every Householder and every Owner of an Apartment House, and every person who occupies any trade premises shall provide and maintain in good and sufficient order and repair for such dwelling, apartment house, and trade premises, occupied or owned by him, galvanized iron receptacles, circular in design, and provided with a good sufficient and water tight cover, each of a capacity of two and one half cubic feet, and having a diameter of not more than sixteen (16) inches, and a depth of not more than thirty (30) inches, sufficient in number at all times to contain all house garbage and ashes from such dwelling, apartment house, or trade premises."

Any receptacle in which garbage is being deposited that does not comply with the aforesaid regulations will be removed by the Garbage Collector after the expiration of one week from the date of this notice. Any person violating the regulations is liable on conviction to a penalty of One Hundred Dollars (\$100.00) and costs.

RUTLAND

RUTLAND—The Rutland Girl Guide Company, under the leadership of Miss Thelma Reid, Guide Captain, camped at Cedar Creek, near Okanagan Mission, for their annual summer outing. Twenty-two girls attended, and Mrs. McMaisters, of Kelowna, assisted Miss Reid with the camp. The girls had a fine time in camp, with swimming, guide games and badge work, together with camp cooking and other duties keeping them fully occupied. The weather was ideal. The girls broke camp on Monday, July 21.

The Rutland Sawmill is now running a nine hour shift, four days a week, and eight hours on Friday, shutting down on Saturdays. This has been found more economical, and aided by the additional power now available, the daily cut is from 19 to 20 thousand.

The Rally Day committee met in the Community Hall on Wednesday, July 10, to consider final plans for the sports day. The committee on prizes reported very generous support to their appeal and some very fine prizes will be given for the track, field and aquatic events as a result.

MISS J. FRASER IS HONORED BY SHOWER

A miscellaneous shower, honoring Miss Joan Fraser, was given at the home of Mrs. E. C. Weddell, with Miss Margaret Pettigrew as co-hostess. Guests gathered in the lovely garden and tea was served on the lawn, sprigs of sweet pea being sprinkled on the silver serving dishes.

After tea, the guest of honor was surprised by the appearance of an enormous imitation three-tier wedding cake, made by Miss Pettigrew, each of the three boxes being filled with beautiful presents.

Mrs. M. E. Fraser poured, and the servers were Frances Beeson, Sheila Blackie, Betty Rutherford and Shirley Willis.

ming pool these hot days and evenings, organized an enjoyable dance in the Pavilion on Wednesday July 16.

The executive of the Rutland Board of Trade met in the Library room of the Community Hall on Wednesday, July 16, and among other business transacted, made arrangements to put up a new fence at the park before Rally Day.

The board also undertook, in conjunction with the B.C.G.A. executive, to look after the gate on that day. Representatives of the local board will attend the Associated Boards' meeting at Enderby on July 30.

Another new store opened its doors last Thursday, when "Don's Groceries", operated by Don Reynolds, commenced business. The store is located west of "Anne's Dress Shop", and adjoining the Lehnner Bicycle shop.

What was believed to be a "flying saucer" was observed by a number of persons attending the local United Church service on Sunday, July 15. Those observing the object were Mr. and Mrs. W. D. Quigley, Mr. and Mrs. D. McDougall and Mrs. G. Cross. It appeared as a shiny disc, travelling at great speed in a south-west direction.

LOCAL BATTING AVERAGES DROP

Written Especially for the Courier by PAUL HURMUS Canadian Press Staff Writer
VICTORIA—(C.P.)—Tourists and British Columbia motorists will soon be getting the long awaited break under the new, long range highway program to be undertaken by the Provincial government.

According to announcement made in Vancouver by E. C. Carson, minister of Public Works, road expenditures will hit a new high of \$210,000,000 during the next couple of years. To interior people and visitors, the importance of this move can't be emphasized too strongly.

Last week's repercussions arising from Vancouver Island's allegedly tourist-searing highway conditions had barely settled down, when this latest budget was revealed.

Answering a query as to why B.C. roads are so apparently inferior to those of neighboring Washington State, Mr. Carson compared the relative expenditures of each. He showed that for a highway network of 6,000 miles in Washington, automobile taxes hit an annual figure of \$22,000,000, while B.C.'s tax income on 22,000 miles of twisting roads amounted to \$5,500,000.

Upon completion of the proposed improvements, the province will no doubt feel a new surge of car-loaded highway transportation.

These improvements have rather a close bearing on the current attempts by certain oil companies to raise the gasoline prices in B.C.

Dr. W. J. Carstairs, chairman of the Coal and Petroleum Board, said in Victoria that the board will report to the provincial government on applications for gas price increase of from one to three cents a gallon.

The increase, which has been under consideration of the board for the last month, will be voted on by the cabinet as soon as Premier John Hart returns from his Jasper vacation.

In the first liquor plebiscites taken since the beginning of the war, the government will get a cross-section of public feeling in certain centres of the province.

The plebiscites, scheduled for September, according to Attorney-General Watson, while not binding the government to any sort of action, will relate mostly to sale of beer by the glass.

To carry, they must have a 55 per cent majority of votes, and 35 per cent of the total votes cast must be by the voters in the polling divisions concerned.

Under the Liquor Control Plebiscite Act, the General Act, Government may at any time submit to a vote of the electors any question relating to the control or suppression of traffic in alcoholic liquors.

ALDERMAN WILL LEAD DISCUSSION
O. L. Jones has been requested to take over the panel discussion on "Intemperance" at the regional district assembly of Rotary International to be held at Vernon July 27-29.

The district assembly covers the interior of B.C. and the interior of Washington, including Spokane.

LIQUOR CHARGE BRINGS FINE

One Indian was fined and another given suspended sentence in city police court, July 21, on charges of having liquor in their possession. Fined \$25 and costs or one month

was Archie E.H. Charles Pierre was given suspended sentence upon payment of costs of \$425. He was required to post a \$25 bond to keep the peace for 30 days. Both Indians live on the Westbank Reserve.

With only one hit in the last nine times up, Harry Franklin fell from the lead he held two weeks ago with 407 to 333. In top spot now is Marlow Hicks, second baseman, whose .432 remains the same as of two weeks ago. Hicks, out of the city the past two weeks is expected back in the lineup at Oliver on Sunday.

Fred Kitch kept up his pace by getting four-for-four in the past two weeks and moved up from .392 to .393, and is holding down second place. Kitch is still leading in all other departments except home runs, where Glen O'Shaughnessy has enshrined himself with the only two. Hank Tostenon is second in the triple and doubles sections, and is only four behind in the runs batted in.

Here are the latest official statistics for the Red Sox:
Runs batted in: Kitch 16, Tostenon 12, O'Shaughnessy 10, Newton 9, Franklin 9, Kelbiski 7, Lesmeister 4, R. Kitch 3, Hoffman 2, H. Cousins 1, V. Cousins, Hicks, Favell, one each.

Home runs: O'Shaughnessy 2. Three-base hits: Kitch 3, Tostenon 2, Zaccarelli, Favell, Hoffman, Franklin, one each.

CHILDREN ATTEND ART CLASSES

Another class of children met on the Jensen lawn on Tuesday, to depict in crayon or pencil what they felt like doing.

The young artists were Marietta and Genevieve Anderson, Nancy Ellis, Daryl Bissell, Clayton Boothe, Pamela Drake, Harriett and Mary-Lou Jensen, Helen Lethbridge, Lorna Rankin, Miles Treadgold, Doris Rankin, Lois Underhill, and Jerry Wilson. At last Friday morning's class they did still life. A Chrysler Town and Country Convertible among the kiddy cars and tricycles testified to the sprinkling of adults who sneak into the class.

FISHING IN VALLEY LAKES AND STREAMS

Fish must be a lot like humans in the heat of the past week—with that just plain lazy feeling. For the most part fishing has been slow. Here is the latest information on lakes and streams in the district

compiled by Jim Treadgold from week-end reports:
OKANAGAN LAKE—Fair to good... Slow during the heat of the day, improving in the evening... A few nice ones around nine pounds... Gang trolls and large spoons on deep lines are giving the best results... Joe Cooper landed a 20-pounder south of his home at Peachland last week.

BEAVER LAKE—Fair... Flies and black plugs taking first choice... airplane spinners also good...
OYAMA LAKE, Postill, Mara, Little River and Shuswap Lakes—No reports...
DEE LAKE CHAIN—Fair... Most lakes giving up their share... Flatfish is the favored lure...
MCCULLOCH LAKES—Lots of fish, though they are small, about three to a pound...
BEAR LAKE—Good... This lake is holding up very well during the hot weather... Flies, spinners, worms and flatfish...
SHANNON LAKE—Lots of perch...
BELGO DAM—Slowing down during hot weather...
WOODS LAKE—Slow...
MILL CREEK—A few small Brook trout still being taken...
MISSION CREEK—Fair for small Brook trout, especially near mouth of Canyon Creek...
KETTLE RIVER—Reported to be very good near Westbridge...
A new chain of lakes back of Glen Rosa was opened this year, and was reported to be very good by the man who set up a camp there. But due to the eight-hour hike by horse, he is not taking in any more parties until a road is built. A "wonderful" fishing spot will be opened to the public when this is done.

15° COOLER INSIDE YOUR OWN HOME THIS SUMMER WITH ALFOL

ALFOL ALUMINUM FOIL INSULATION

95% of all radiated heat from the sizzling summer's sun is reflected like a mirror by the gleaming, crumpled surface of Alfol Aluminum Foil Insulation.

Exhaustive authoritative tests show conclusively that Alfol crumpled aluminum foil insulation is 2½ times more efficient than ordinary batt-type insulation in stopping the downward flow of summer heat. Alfol prevents heat conduction by creating additional air spaces.

Enjoy the comfort of this effective insulation this summer. Your home can be 15 degrees cooler and at the same time proportionate fuel savings and comfort are yours for the winter also. Alfol costs no more to buy than other types, yet costs a great deal less to install. You can install it yourself in your attic.

Mr. and Mrs. L. J. Kerrick and family, of Omak, spent a week's vacation at the Blue Bird camp. And from Nanaimo are Mr. and Mrs. A. W. Kennedy and daughters; from Kamloops, Mrs. Arthur Duck and daughters; and Mr. and Mrs. J. E. Cooper and family, of Naramata, for a few days.

Mrs. A. Blackie spent the weekend in Vernon visiting friends and relatives.

Mrs. Rowe, of Penticton, and her daughter, Miss Joan Appleton, who came to Kelowna to show some of their prize dogs at the dog show, were guests at the home of Mr. and Mrs. W. R. Barlee.

Mr. and Mrs. Doug Layton and Mr. and Mrs. Budge, Barlee, and John have returned from a few days fishing at Cariboo Lake.

Miss Edith D'Aoust, of Vancouver, who is spending the summer in the Mission, has taken a cabin at the Okanagan Lake Auto Court. Mrs. Arthur Clarke, who has been with her for the past fortnight, left Friday to return to Vancouver.

A recent guest at the home of Mr. and Mrs. Joseph Ivens, was their son, R. J. Ivens, who spent ten days there, returning Saturday to Fernie, where he is stationed with the Provincial Police Force.

HOLD PICNIC
On Sunday afternoon, July 13, the Gyro Park was the scene of the annual picnic held under the joint auspices of the Pythian Sisters and the Knights of Pythias. Members and their families, about fifty in all, attended. Games and sports were enjoyed by the children and ice cream and pop disappeared like magic. A soft ball game was organized and a sit-down supper was appreciated after the activities.

"Hub Drive-In" Is Ideal Place For People To Eat Midst Beautiful Scenery

IF YOU want to sit in your car, gaze at a lovely view, and be waited on hand and foot, instead of standing over a hot stove, take a trip to The Hub Drive-In. Remember the "White Orchid" on the way to the Mission? It was taken over three months ago by Gerry and Opal Bailey, of Vancouver, and now puts The Hub in hubba hubba.

Gerry has had plenty of experience in lunch counter business. He managed the "White Chef" on Bluff and Bay Streets, Toronto, and the Cambie and Hastings "White Chef" in Vancouver. Mrs. Bailey's sister lives here, and was always singing the praises of the Orchard City, so the Baileys decided to come and get a taste of it.

However, so that customers may get a taste of their delicious cooking, they are kept busy early and late, with not much chance to explore the beauties of the Okanagan. When they get time to lift their heads, the same view lies before them, as the customers enjoy—Boucherie Mountain, and the hills running down to Penticton, or facing the other way, Black Mountain and its golden slopes.

The lunchroom has Mexican motifs in the form of fruit clusters, burros and peons, frilly curtains of cactus and cornucopia design.

The menu includes every known form of hamburger, lead by "deluxe" which is composed of lettuce,

tomato and relish—strictly not for Jack Scott. Steaks are tender and full of flavor. Just to look at Opal's tortis, makes one's mouth water. Want somewhere to go, before or after the show? Try The Hub Drive-In, a good place to revive in. Car service drive-in accommodates plenty. With their backs to the road, clients have a view of waving, cool, green rushes in the foreground, and rolling hills, watched over by Black Mountain, sentinel of Kelowna.

Miss Gwen Miles, of Edmonton, is spending a short holiday in Kelowna at the home of Mr. and Mrs. Gramluk on Wilson Avenue.

Okanagan Union Library at a meeting held in Penticton on July 16 while Mrs. A. D. Mackay, of Penticton, was again chosen vice-president. Other officers re-elected were G. C. Hume, Glenmore, treasurer; executive, Mrs. F. J. Foot, Kelowna, Hugh Sharran, Summerland, and Mrs. R. B. White and J. W. Johnson, both of Penticton.

The financial report presented at the meeting showed there was a bank balance of \$3,534.85 at the end of June. A new van was purchased early in July.

OUTDOOR FILMS AT CITY PARK PROVE POPULAR

Showings of films in the city park, sponsored by Kelowna Film Council, have proved a big success. On Wednesday of last week, some 500 people sat on the grass, or on benches, and watched a program consisting of "Eskimo Summer," "Private Life of the Gannets," "Raid on the Rockies" and took part in a sing-song.

On Sunday, another crowd gathered to see "Meet the Navy," with the lovely bass-baritone of Oscar Nutske, "Oars and Paddles," "Carlsbad Caverns" and "Raid on the Rockies." The showings begin at 9:30 p.m. Wednesday and Sunday and machines are run by Walter Goodland and Cuthbert Hardy.

MOVIE QUICKIES

Fans of the screen's Hardy family—and they are legion—will welcome Andy, the Judge, Ma Hardy, Aunt Milly, and some new faces in "Love Laughs at Andy Hardy," which plays at the Empress Theatre this Friday and Saturday.

The new film episode in the adventures of the redoubtable Andy Hardy marks Mickey Rooney's first role since his discharge from the army and the script of "Love Laughs at Andy Hardy" parallels his own experience, for Andy also comes back to Carvel out of the armed forces and shocks his family by the intimation that he intends to marry his Wainwright College co-ed girl friend.

It is a delight to welcome both Mickey Rooney and Andy Hardy back to the screen and to report that Andy has lost none of his infectious high spirits. Lewis Stone as the disconcerting Judge, Fay Holden as Ma Hardy and Sara Haden as Aunt Milly all seem like old friends, and the cast is further enhanced by the presence of Bonita Granville and Kay Wilson, Lina Romay as the Latin charmer who saves the crisis, and the six-foot-four Dorothy Ford.

Ray Milland, completely recovered from the terrific hangover that won him an Academy Award in "The Lost Weekend," is now one of the hardest working and most consistently fine performers in the business.

Ray's fourth film since his memorable binge is Paramount's drama, "The Imperfect Lady," which plays at the Empress Monday and Tuesday next. In it, the prolific and versatile Milland shakes off the dust of "California," his most recent hit, to don the impeccable attire of an English gentleman in the days of good Queen Victoria. Since the winning of his "Oscar," Milland has also starred in "Kitty" and "The Well Groomed Bride."

"The Imperfect Lady," a dramatic story of a woman with a past, boasts an outstanding supporting cast which includes Sir Cedric Hardwicke, Virginia Field, Anthony Quinn, Reginald Owen, Melville Cooper and Rhys Williams.

The film was directed by Lewis Allen and produced by Karl Tunberg, who also wrote the screenplay. Tunberg, a veteran movie writer, makes his debut as a producer with "The Imperfect Lady."

bank, Dorothy Goodland and Mr. Jack Royle, of Winnipeg, were among the 280 dancers.

COCKTAIL PARTY HELD AT NEW KELLER HOME

Major General and Mrs. Rodney Keller were hosts at a cocktail party at their new home on Pender Street last Friday.

The keynote of the party had been set in the invitations designed by the artist Rodriguez, Rollek, depicting the host and hostess "en famille."

Mr. Jack Kennedy acted as bartender in the diningroom, aided by Mr. William Dayton, Major Guy DeHart, Mr. Ken Shepherd, Capt. Charles Turton and Mr. Ted Weddell, while Major Marcel Godfrey tended bar on the lawn.

Out-of-town guests were Miss Frances Beaton, of Vancouver, Miss Barbara Bullock-Webster, of Victoria, Miss David Griffln, home from McGill University, Major and Mrs. Marcel Godfrey, of Oryama, Mr. and Mrs. L. St. DuMoulin, Mr. and Mrs. Norman Lang, Mrs. Gus Lyons and

her sister, Mrs. Archie McGowan, all of Vancouver, Mr. and Mrs. C. R. Tanner, of Calgary, Mrs. F. Ramus, of Lima, Peru; Major Peter Acland, of the Indian Army, and Major J. Temple, of Summerland. Centre of attention was the oil of Tahiti, by Marcel Godfrey, which has been exhibited in London, New York and Montreal, and was a housewarming gift of the artist.

Comments on EVERYBODY'S BUSINESS

I never stop wondering at the remarkable economy and efficiency set up by the co-operation of millions of individuals in life insurance.

Government figures on the Canadian companies show that 75¢ of every dollar received by these life insurance companies came from policyholders' premiums; 24½¢ from investments and ½¢ from sundry sources.

But the amazing thing to me is that for every dollar received by the companies 84¢ was paid to or held for policyholders; 2¢ went to governments for taxes; 13½¢ covered all operating expenses; and 1/4¢ went to shareholders. No wonder that people in 64 other countries buy Canadian life insurance, because it is so well managed.

Life Insurance is a business built for everybody, a great enterprise which protects the future of more than four million policyholders and their loved ones. Life Insurance offers a systematic and easy way to save. Consult an authorized agent about a plan best suited to your requirements.

Brides

WASS-COWAN

A charming wedding ceremony took place at the United Church on Saturday at 3:15 p.m. with Dr. M. W. Lees officiating, when Maxine Adeline Cowan, of Vancouver, elder daughter of Mr. and Mrs. J. J. Cowan, Kelowna, became the bride of Ralph Wass, youngest son of Mrs. Wass and the late Mr. J. Wass, of Merritt.

The bride entered the church on the arm of her father. She was dressed in an ivory satin period dress with long sleeves and ruffled cuffs. The off-the-shoulder neckline, edged with guipure lace, was gathered onto a yoke of nylon sheer. Her halo headpiece, with imported French ornaments, and full, net veil forming a long, ruffled train, had been worn by Mrs. Sager at her wedding to the late Brigadier J. E. Sager. She carried a bouquet of roses.

Her attendants were Miss Vera Watson, of Vancouver, cousin of the bride, who wore a shell pink tulle frock, with tiny, puffed sleeves, off-the-shoulder neckline, garlanded with pink net clusters, a deep waistband and full skirt; and Miss Mary Atkinson, wearing an aqua gown of similar design.

The bridesmaids, one blond, one brunette, were matching headpieces of shirred tulle ribbon and rosebuds, with shoulder-length veils caught into Juliet caps, sheer lace, matching mitts and carried sheaves of sweet peas.

Mr. Hugh Dryborough acted as best man, and ushers were Mr. Glen Cowan, of Vancouver, uncle of the bride, and Mr. Don Boothie.

The church had been beautifully decorated by Mrs. W. S. Charters with pink sweet peas and carnations, and other summer flowers.

During the signing of the register, Mrs. George Johnson sang "Love You Truly." Mr. E. B. Beattie was the organist.

A reception for some 40 guests was held at the Willow Lodge which had been decorated by Mrs. Charters with pink roses. Silver basins of pink roses, pink, mauve and white sweet peas ornamented another table.

Mr. and Mrs. Cowan and Mrs. Wass helped to receive the guests. The bride's mother wore a primrose jersey silk, with shoulder shirring sleeve fitted below the elbow, gold and plastic buttons, and self belt. She wore a small, black hat of straw and ribbon, with black accessories and corsage of mauve carnations.

The groom's mother wore a grey dress-maker suit with pink accessories and a corsage of pink sweet peas. The bride's gift to her attendants was a corsage of pink sweet peas.

Mr. Glen Cowan was the witty host, his mother, Mrs. W. P. Freeman, near London, Ontario.

Mr. Jack Conway, of the Bank of Montreal in Haney, is holidaying with his parents, Mr. and Mrs. J. Conway.

Mr. R. Jenkins and Mr. S. Barker, both of Calgary, were business visitors here Friday and are now spending several days at Beaver Lake on a fishing trip.

Mr. Rollin Shatto, of Grand Coulee and Mr. Leslie Blain, of Electric City, Wash., were week-end guests at Ellis Lodge.

Mr. Paul Ponich has left for a trip to Edmonton, where he will spend a short holiday with his brother, George.

Mr. Fred Antifeau and Mr. John Malow, of Paradise Ranch, Naramata, where week-end guests in Kelowna.

Ken Campbell and Bob DeMara have returned from their two weeks' trip to Calgary, where they attended the Stampede. They drove by way of the Big Bend Highway, visiting Banff, and returned via Banff and the Windermere Valley and Spokane.

Mr. J. Kent and Mr. J. Hunt, of Vancouver, are staying at the Willow Inn.

Mr. Lyle Horner is spending a ten-day holiday in Edmonton, where he used to live. He is staying at the home of Richard Proctor, an old school chum, and visiting relatives and friends. He expects to be back in Kelowna on Monday.

toastmaster, and the groom ably replied. A telegram from Mr. and Mrs. Richard Dittmar, in Ontario was read.

Those presiding at the tea tables were Mrs. J. E. Sager of Vancouver, and Mrs. M. Watson, of Vancouver, aunt of the bride; Mrs. W. S. Charters and Mrs. W. R. Goudie. Servers were Miss Mary Duggan, Miss Marie Frey, Miss Joan Johnson, Mrs. Almeda Fritchard and Miss Mary Peters.

The bride's bouquet, thrown from her departing car, was caught by Mrs. Mary Duggan. The couple will take a trip by car through the Okanagan, and will live in Vancouver.

LIPSCOMB-BLAIN

Mr. and Mrs. Charles E. Blain, of Kelowna, announce the marriage of their eldest daughter, Lorena Mildred, to Stephen Morgan Lipscomb, son of Mrs. F. Maber, of London, England. The wedding took place in St. James' Anglican Church, Vancouver, Saturday, July 19, at 7 p.m. The couple left for their honeymoon trip on the midnight boat to Vancouver Island.

KEEVIL-CULLEN-BROOKE

At 11 a.m. on Friday, July 18, Mr. E. Ross Oatman, government agent at Kelowna, conducted the quiet, impressive, civil ceremony at the provincial office, when Mrs. Margaret Cullen-Brooke, Ottawa, and Arrow Lakes, B.C., daughter of Mr. and Mrs. Charles G. Eldredge, Ontario, New York State, became the bride of Frank Manning Keevil, Kelowna, son of Mr. and Mrs. Samuel C. Keevil, Many Trees, Coober Pate, N.S., a Special customs agent. H. Charles and Mrs. Manning, cousins of the groom, were the best man and matron of honor. Following the ceremony, the wedding party met with friends at the Manning residence, where a tastefully prepared luncheon was served. Mr. George Menzies gave the toast to the bride, to which the groom responded, expressing thanks to the many friends who had helped to make the occasion so enjoyable. Mr. and Mrs. Keevil will reside in Kelowna.

DINN-FRIESEN

Of interest in the Okanagan and Vancouver was the wedding of Elva Mae Friesen, 3049 Yukon Street, Vancouver, to James Joseph Dinn, of St. Johns, Newfoundland, at which Dr. M. W. Lees officiated.

The bridal party entered the parlors of the United Church Manse at 8 p.m. to the strains of the wedding march from "Lohengrin."

The bride, radiant and lovely, in a pale blue soft wool suit and white accessories, entered on the arm of Mr. J. J. Davies, who gave his stepdaughter in marriage. Her corsage was of white gladioli and she carried a beautiful white plastic bag.

Mrs. J. R. Harrison, of Osoyoos, sister of the bride, acted as matron of honor. She wore a brown wool suit and pink accessories. Mr. Ted Hardy supported the groom.

After the ceremony a reception was held at the home of Mr. and Mrs. J. J. Davies, 1307 St. Paul Street, where Mrs. Davies, mother of the bride, in a navy wool suit and navy accessories, assisted the young couple in receiving the guests.

Mr. Davies proposed the toast to the bride to which the groom responded.

Mr. Hardy toasted the matron of honor, to which toast, she replied. Refreshments were served from a tiny bar during the evening.

Later, a dainty buffet luncheon was served. Those serving were Mrs. Albert Davis, Mrs. G. Davis and Mrs. Ted Hardy.

Mr. Otto Schlatter presided at the beautifully appointed table.

The house was beautifully decorated and scented, with summer blooms, and lovely wedding gifts were on display. The wedding was highlighted by long distance calls from the Coast and congratulations by telegram.

While cutting the three-tiered wedding cake, the couple were photographed.

Mr. and Mrs. Dinn will spend the

first half of their three weeks honeymoon in the Okanagan, and the latter part in Vancouver. They will be at home to their friends in August at 3049 Yukon Street.

KONKIN-DAYTON

On Saturday, July 19, at 2 p.m. at the United Church Manse, Dr. M. W. Lees performed the wedding ceremony that united in marriage Esther Louise Dayton, of Kelowna, and John Konklin, also of Kelowna. Miss Myrna Abetkoff, of Kelowna, was bridesmaid and the best man was Pilo Gevatkow, of Crescent Valley.

ENGAGEMENT

Mr. and Mrs. John Harvey Franklin, of Kelowna, announce the engagement of their eldest daughter, Viola Merle, to William Hugh Robert Moore, only son of Mr. and Mrs. C. Colleton, William Moore, Douglas Lodge, Vancouver. The marriage will take place August 8 in Crosby United Church, Vancouver at 7 p.m.

LISTENING GROUP

WATER IN EAR

If you have acute or chronic ear trouble, be careful where and when you go in the water this summer. Water may get into the middle ear and may allow entrance of infection, which could then spread to the inner ear and the mastoid sinuses. It is suggested that those with ear trouble consult their family physicians as to the advisability of taking part in aquatic sports.

Walk-Out Would Hit Box Shook Stocks "Very Hard" Says L. R. Stephens

PRICES DROP
Box Shook Production Reported Better Than at This Time Last Year

Any strike called by the International Woodworkers of America would be absolutely "insane," as the fruit industry cannot stand another raise in box production costs, but if a walk-out is called, it would hit box shook stocks "very hard," L. R. Stephens, chairman of the box shook committee, stated this morning.

Mr. Stephens was asked to comment on the report that 2,000 wood workers in the Cranbrook area may go out on strike the early part of August. "Present market conditions and trends do not justify the costs of packing," Mr. Stephens said, adding that the price of apricots, peaches and tomatoes have already started hitting the downward trend. Referring to box shook production, he said that the shook position in most areas appears to be in better shape than a year ago. In the Kelowna area, due to requirements now being much greater than was anticipated at the time the shook orders were placed in December, some assistance from outside areas will be necessary. He said that assistance from outside areas will be necessary. He said that assistance from outside areas will be necessary.

Commenting on the possibility of strike action in the Cranbrook area where the I.W.A. have turned down a 12½ per cent increase, Mr. Stephens said the situation is a little different there than in the Okanagan. "It has been conservatively estimated that they are getting an average of \$10 a thousand feet more than in this area, due to the export and retail lumber market," he said. "Locally a large percentage goes into box shook production."

"The American fruit markets today are in such bad shape, that if mill workers knew the facts, they would hesitate to strike," he said. "Fruit prices have dropped to such an extent that any increase in the cost of shook would not be justified. The cost of packing fruit is now completely out of line," he declared.

DIVE FOR SAFETY
Unless you can dive, when you go in for a swim, you should certainly hold your nose as you take the water feet-first for, say, the health experts, water forced up into the nostrils can carry infection to nose, throat and sinuses. Man isn't like the duck, which can close its nostrils under water. And, unlike the duck, human beings haven't that special eyelid which protects the eyes under water, so swimmers should try to see when submerged as rarely as possible.

CONSIDER WORLD TRADE BODY

WASHINGTON—President Truman said today a world trade organization to buy grain for distribution under the Marshall European recovery plan is under consideration. The president made this statement at a press conference when questioned about Agriculture Secretary Anderson's proposal for such an organization.

BOTH SIDES REPORT SUCCESSES

BATAVIA—Lt. Gen. Siem B. Spoor, Dutch commander of the East Indies, reported today that troops had captured Cheribon, birthplace of the East Indian independence agreement, and cut off "a crucial rich supply area" in East Java. Indonesian news agency, Antara, reported that Indonesian republican forces had occupied Modjokerto in Eastern Java Thursday. The report could not be confirmed immediately by Dutch sources.

A representative of the Indonesian Republic said today he had appealed to the Australian government to mediate in the current dispute in Indonesia. Dr. R. Usman, chief protocol of the division of the Indonesian foreign ministry, said he had sent the appeal to Prime Minister Chifley at Canberra and he is now awaiting a reply.

Charge Act Governing Control Of Rural Areas Does Not Take Into Consideration Agricultural Industry

Criticism over the fact the provincial government drew up regulations governing the control of rural areas without taking into consideration the agricultural industry was made at a meeting of the appeal board at the Court House last Monday to discuss the amended regulations of the Town Planning Act.

George Hardy declared that clause 23, governing farm lands in urban areas should be changed with the insertion of a clause that "all farm lands assessed as, and paying farm taxes, situated within the regulated area, be totally exempt from urban regulations, with the exception of new subdivisions."

"We do not see how this thing is going to work. If we start spreading manure on our farms and we are surrounded by small lots next door to our farms, there are going to be a lot of complaints that we are a public nuisance," declared George Goldsmith.

"That is up to the medical health officer to decide," stated O. V. M. Roxby, building inspector. "It has been done for thirty years. That is why we feel farm lands should be exempt. This is a Town Planning Act, for a town, and here you are dealing with agricultural country. The Town Planning Act should be discarded and more equitable laws made," Mr. Goldsmith said. "The whole trouble arises from trying to treat this area like a town. It is not."

Just a Name
G. D. Cameron, however, pointed out that the Town Planning Act is just a name, and that the regulations come under the T. P. A. "There would be more common sense about it if regulations were drawn up for an agricultural area. We have no respect for whoever drew this up, and no respect for the government either," said W. Hammill.

Questioned as to whether the recommendations submitted during Monday's session would come into effect after government consideration. R. Oatman, chairman, said that recommendations are sent to Victoria. They will be gazetted and will become effective with any changes from the recommendations of the meeting," he added.

"RAID" BARS TO ASCERTAIN CHURCH OPINION

WELLINGTON, N.Z.—To find out why people do not go to church, 100 members of the Salvation Army "raided" the bars of 25 Wellington hotels at a rush hour recently. They asked patrons what they thought about religion today.

The "raiders" talked with hundreds of drinkers and were surprised to find a most cordial reception almost everywhere.

They reported that answers to the question why people do not go to church could be divided into the "stock" and the "outspoken" classes. Examples of "stock" answers were: "Too much religion when I was a kid," "many of the ministers are insincere," "you can be a Christian without going to church," "there are better people outside the churches than in them."

Examples of the "outspoken" replies were: "I don't go because I get so drunk on Saturdays I'm too ill on Sunday," "I don't go because I've got out of the habit," "on Sundays I prefer golf. I ought to go to church I suppose."

Summing up Brigadier H. C. Goffin, Bod, are in hospital and their physician reported their condition as "good" this afternoon. The injured persons are Raymond Decaire and Mrs. J. W. Barrell. The former is suffering from an injured back and a small fracture of the skull. Mrs. Barrell is suffering from head and shoulder injuries. Both are expected to be released from hospital in a few days.

REPORT CRASH VICTIMS BETTER

Condition of the two Westbank people who were injured in the other crash in box production costs, last Sunday morning is much improved. Both are in hospital and their physician reported their condition as "good" this afternoon.

The injured persons are Raymond Decaire and Mrs. J. W. Barrell. The former is suffering from an injured back and a small fracture of the skull. Mrs. Barrell is suffering from head and shoulder injuries. Both are expected to be released from hospital in a few days.

MORE EFFICIENT

City Council last Monday night advised Kelowna Athletic Round Table that it would be more efficient to have one man in charge of the city's athletic activities. K.A.R.T. recently proposed names of a committee who they thought would be capable of acting in an advisory capacity to George Tutt, present caretaker.

WATCH YOUR WEIGHT

The tendency of people past the age of 40 years to put on weight may or may not be a sign of continued good health, but health authorities warn that only a physician can be sure on that point, so care should be taken in any program for reducing weight. For instance, it is not always safe to indulge in strenuous exercise, all of a sudden, to take off the extra pounds. If the excess weight has been due, as it may be, to some organic disease,

"Here's a quote for you," said the old timer as he leaned on the back fence. "It reads: 'The philosophy of Communism and the philosophy of organized labor can not be harmonized. One is destructive. The other is constructive.'"

"Who said it? Some fascist, as the Communists call them? No, it was the International Association of Bridge, Structural and Ornamental Iron Workers and A.F.L. union."

"To me it makes sense. What's the aim of organized labor? To get constantly better wages with more buying power, and constantly better working conditions. Organized labor can't be anything but destructive. It wants to make people happier, more contented. It wants to enrich the lives of working men and women. Don't we all?"

"Does the Communist want that? Nix. What he wants is to create discontent, bitterness and trouble, to bring near the day of revolution. He'd rather see people out on strike than working happily. He'd rather see them poverty-stricken than comfortably housed, fed and clothed, so they will believe him when he says they have nothing to lose but their chains."

"I can understand a labor union letting a Communist in as a member, it leaves his political ideas outside. I can't understand any union letting Communism run its affairs. It hurt us all sensible."

The aims of Communism and the aims of organized labor don't mix any better than oil and water. They don't mix period."
Huffing a bit, the old timer resumed his morning constitutional

With the Okanaganites and there is still a possibility of a team from the University of Washington. A second shell is being brought from Vancouver to accommodate all the entrants for the rowing races. Other water events such as skiing, surfboard riding and war canoe races are all lined up.

Powerful Teams

Swimming and diving — Powerful teams are coming here from Vancouver, Victoria, Seattle, Spokane, Crescent Beach, B.C., Yakima, Dailies, Wash., Wenatchee, the Kootenays and from other points further east in Canada. Such big name stars as Irene Strong and Peter Salmon will be here. Famous coaches like Archie McKinnon, of Victoria, Percy Norman, of Vancouver, and Ray Daughters, of Seattle, will be backing up their teams.

The same cities and swimming clubs will bring their best diving talent. George Adams has promised to come from Vancouver as has Audrey Jones, of Saskatoon, Canadian three-metre diving champion for the fair sex. And for the lighter side, the services of Gene Coey are all but arranged for according to the information at hand at the Monday night meeting of the Regatta Committee.

Night shows — Highlight of the Tuesday night show (Aug. 5) will be the crowning of Miss Aileen Smyth, of Victoria, as the Lady of the Lake. Preparations for this show are in the hands of the Kelowna Junior Chamber of Commerce and according to latest reports new and spectacular ceremonies have been arranged. Jaycee spokesmen are not saying much about their elaborate plans but they promise a "great show." Local talent, all garbed alike, will put on a show of rhythmic swimming.

Expensive Windup

The greatest array of talent ever brought to Kelowna is to be here for the Wednesday night variety show. Special stage acts, including roller-skating, team, have been booked. More money has been budgeted for this wind-up of the two-day Regatta than for any other night show. On before, The directors have resolved to give two hours of "bang-up entertainment."

A mammoth fireworks display will conclude the gala night. Parade — Directors were not sure how the public would react to the idea of supplying floats in the parade for the first time. The response has been "excellent" and to date 15 floats have been promised. One of them will be entered by the Aquatic Association.

Bands — This year's parade should be the best ever, with five bands lined up. Two of them are local bands, the Canadian Legion Pipe Band and the Sea Cadets' Bugle Band. The familiar Wenatchee Post Drum and Bugle Corps will be again as well as the popular Vancouver Fireman's Band. A newcomer will be the highly-touted Maple Leaf Band from Trail, B.C. The bands will also provide entertainment during other periods of both days of the Regatta.

Sports — Senior lacrosse and baseball games have been booked for added attractions. Final arrangements have not been completed for

the lacrosse game, but Hedley and the Kelowna Red Sox will be the two teams in the Wednesday late afternoon baseball game.

Well, that's some of it. The proposed air display with the R.C.A.F. dropping a lifeboat by parachute was called off, but the latest proposal to make the air alive is an invitation to be sent to several aero clubs to come to Kelowna for the Regatta. A helicopter will be here for sure. Jack Treadgold told the meeting Monday night.
